

Hello Pygora Class!

I hope you have all had a good weekend and been able to go outside and enjoy the sunshine today?

It has been a busy few weeks in the Farrar household. We have settled into a routine of doing our home learning in the mornings, then after lunch we have been out for walks and bike rides or played board games, Lego, played the piano or baked cakes in the afternoons. I was quite shocked to see that we have walked 102 miles and cycled 52 miles during lockdown! The days and weeks fly past so quickly that I can't believe it's been so long since we were all together in class.

Mr Harlow told me that he had been able to speak to you on the phone last week and how excited you all were to chat 😊 I really miss our chats and can't wait to hear what you've all been up to.

I was in school one day last week. We had a lot of fun! In the afternoon we did a treasure hunt around the school. I wrote some clues down and the children had to find them and plot the answers on a map of the school. Why don't you have a go at doing your own treasure hunt around your house and garden or write some clues to popular parts of Ashford and see if someone in your house can guess what they are?! Don't forget to make them tricky!

I know some of you have been enjoying gardening during lockdown. It is a great way to look after yourself and really fascinating to see how plants grow and change and of course because we are at home so much, we can literally see everything growing day by day. Our tomatoes and cucumbers are starting to really do well now and our potatoes are only a few weeks from harvest! Can't wait to eat them in a salad 😊

Look after yourselves and your family everyone and really hope to see you again very soon.

Love from Mrs Farrar xxx
