

Hi Cashmere,

How are you all? I've completely lost count of how many weeks it's been since we were all in school together, and I can't quite believe that we have now started Term 6!

All adults are now in school every day for key worker children and the year groups that have been able to return so far, and we have all been split into small 'bubbles.' I am very lucky to be in a bubble with Miss Chapman, Mrs Cooper and some Year 6 children (but I do wish I could be in a bubble with all of you!) We are in Pygora's classroom, which feels a little strange because everything is the opposite way around!

When I last wrote to you, I said I hadn't been brave enough yet to cut any of my children's hair. Well, a couple of weeks ago, my boys both decided that they couldn't wait any longer and that they trusted me enough with the clippers! I was a bit apprehensive (although not as much as them!) and while it wasn't a *complete* disaster - there's no bald patches or tips of ears missing - thankfully, Thomas has to wear a hat for his job when out in public, and Charlie won't be back at school until September and so can wear a cap until then! I think they may just let it grow now!

I know that you all have lots of new and exciting home learning activities to complete over the coming weeks, but if you're looking for something to do in your free time: <https://www.glasgowsciencecentre.org/gsc-at-home> every day at 10am posts a video of a fun science activity/experiment you can try. You can also watch all the previous videos (such as *Make your own Galaxy Spirals*, *Stargazing*, *Egg-Drop Challenge*, and *Homemade Hovercrafts*) here: <https://www.glasgowsciencecentre.org/gsc-at-home/enjoy-again>. There are loads to try! You may also be interested in some of the home activities from the Natural History Museum, including experiments, arts and crafts, nature/gardening activities and quizzes. These can be found here: <https://www.nhm.ac.uk/take-part/try-this-at-home.html>

Don't forget to take some time to relax and get some fresh air and exercise every day if you can - thankfully the sun has reappeared after a few too many cloudy, chilly days recently!

Keep up all of the fantastic work you've been doing and don't forget that you can email at any time through Purple Mash.

Miss you all. Stay safe, keep smiling, (and reading!) Love, Mrs Green
