

Hi Alpine Class,

We hope you are well. I am so excited this week as I will be seeing some of you in school! ☺ If you have made an appointment to see me and to change your reading books, I very much look forward to seeing you. I will just want to give all of you a big hug but, of course, we are not allowed to do that. We will have to settle for an air hug instead! If you haven't made an appointment for Monday 22nd or Tuesday 23rd June yet, there is still time. Just phone or email the school office at office@goatlees.kent.sch.uk ASAP.

How are you all getting on with the new home learning pack. I hope you are enjoying learning about castles. It is such a fun topic! I am teaching it to the year ones and we made our own castles out of card and paper. Follow this link for an idea of how to do this yourself.

We were pretty impressed with how they turned out. If you make one, do send me a photograph.

I would still love to hear about what you are up to at home and see some of your work so keep emailing me at kowen@goatlees.kent.sch.uk - I am on the lookout for the next pupil of the week.

Pupil of the Week

Oliver for completing some excellent home learning on money.

Well done Oliver. We had a zoom assembly last Monday where Ms Adams read out all of the pupils of the week - all of the children in the classes clapped for you Oliver!

I saw an advert on television over the weekend about some home learning tasks on the Persil website. Some of the ideas looked cool so I thought you might like to try some.

If you have been doing P.E. with Joe Wicks every day, he has now made a certificate that you can download and award yourself with. There is even one you can colour in yourself!
