

Dear Cashmere,

I hope you are all safe and are well after our first week of lockdown. It has been lovely to hear what some of you have been doing and how you have occupied your time. Do keep me updated and let me know what you are getting up to via 2email on Purple Mash. For any of you who have been joining in with Joe's PE sessions, I'd love to know if your legs hurt as much as mine!

So far, as well as working, I have: planted some vegetables, practiced my ukulele, gone for a walk, read a few books, washed my car (with some helpers at school), done some cooking and painted a rainbow to put in my window. Also, just to update you, our class tomato plant is still alive and growing taller each time I see it, I'm crossing my fingers for some tomatoes later this year! Our forget-me-not has just sprouted as well; I will try to remember to take a picture for next week.

This week at home, I would like you to continue working through your home learning packs. I have also set you a 2Do on Purple Mash - multiplication practice (I can hear your groans). It's great to see that some of you are keeping your monsters well fed! One activity we have been doing at school that would also be nice for you to do is to design and write a thank you card for a key worker of your choice, this could be a doctor, nurse, supermarket worker, police officer, farmer, or anyone who you think deserves a thank you for keeping us all fed, healthy and safe.

----->

My cat (Luna) even joined in with the gardening - unfortunately, she wasn't very helpful!

Stay safe

Love from Miss Chapman
