

Dear Pygora Class,

I hope you've all tried to enjoy this amazing weather we've had, either in your garden or during some daily exercise! I know some of you have enjoyed some bike rides or just some time to read and draw while sitting in the sun! I was impressed when I saw RB on a bike ride and she told me she was **Number 1** on Spelling shed!!!

I hope you had an enjoyable Easter weekend, did anyone set up or take part in an Easter egg hunt? If you did please get in touch and let me know how many eggs you got, and how many of you have already eaten all of your chocolate?

I'd like to say a special well done to those of you who have still been logging onto Purple Mash this week even though it's 'official' the Easter holidays and a special thank you to all of you who have been keeping in touch and letting me know how you're getting on at home. But now that's almost over, I would like to see more children doing this.

This week, I would like everyone (where possible) to:

- 1) Log on to Purple Mash every day, check for tasks under the 2Do section and perhaps send us (Mrs Farrar and Mrs Neall too!) an email if you would like to. I've already set up some work for you to have a go at!
- 2) Log onto White Rose everyday <https://whiterosemaths.com/homelearning/> watch the lesson and complete the activity. If you haven't been on this yet, you can start at week 1 and work through. If you find the Year 5 work tricky without us to help you, have a look at what Year 4 are doing and try their work instead. See if someone at home can check over it for you as well!
- 3) This week, send us an email to tell us what you already know about rivers and the water cycle **and then** what you would like to know, as this is meant to be our topic for Term 5!
- 4) If you haven't already, look at the topic map for year 5 and 6 (in your packs or on the home learning page) and choose something to do, there are loads of activities on there to be getting on with.
- 5) I know some of you have been using the Joe Wicks workouts, but can any of you make your own routine up for the rest of us to have a go at?

The most complete routine will go on our class letter for next week! Make it no longer than 30 minutes, plan in some rest times and a warm up! Think about including:

- a. Press ups
- b. Sit ups
- c. Burpees
- d. Squats

e. Boxing punches with fast legs

These links have some great ideas:

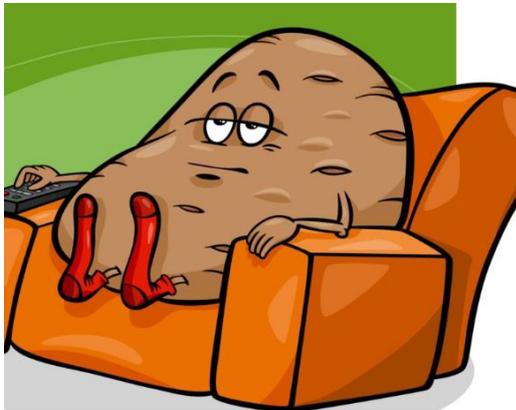

<https://qalo.com/blogs/qalo-life/12-at-home-workouts-to-do-with-your-kids>

https://www.momjunction.com/articles/best-benefits-exercise-kids_0075233/

Hopefully by the time we return we will be healthier than ever, looking like this:

And not like this:

- 6) Please, please keep reading and practising your spellings on Spelling Shed or on your own at home!

Enjoy your time at home, keep working hard and remember to be as helpful as you can while you're there! Keep in and stay safe!

I hope to see you soon,

Love Mr Harlow.
