

Dear Alpine Class

How are you all? I hope you are all still keeping safe and well and getting on with some work. I know it was officially the Easter holidays last week so I understand if you did less work but we would now be into term 5 officially (I'm still not sure how we are this far through the year) so I would like to see you all doing some work. I know some of you find it easier to work on paper using the booklets that we have sent home but remember you can still send me an email on Purple Mash using the 2email tool to let me know how you are getting on.

Thank you to those of you who have emailed me. It has been lovely to hear from you and see some of what you are up to. Also well done to those of you who have completed the tasks I have been setting on Purple Mash. These tasks are short but will help to keep key skills ticking over until we can all see each other again. I will be adding more of these over the next few weeks so if you do have access to a device that you can work on at home, please do check these.

I've put together a timetable which you might want to do but this is only a suggestion and up to your parents - not you!

	Monday	Tuesday	Wednesday	Thursday	Friday
8.30	Make sure you're up, dressed, had some breakfast and brushed your teeth.				
9.00	Do some exercise to start your day in the right way. You might like to try Joe Wicks as this is a good workout and can be done in your living room or possibly even your bedroom. https://www.youtube.com/user/thebodycoach1/videos?app=desktop				
9.30	Drink and make sure you have everything you need for the day.				
9.45	Maths Either complete some more of your maths booklet or go on White Rose if you haven't already. There are four weeks of free lessons on here: https://whiterosemaths.com/homelearning/year-2/ You could also go on these websites: https://www.mathplayground.com/ https://www.topmarks.co.uk/				
10.30	Break and snack perhaps get a bit of fresh air. Limit any screen time and make sure you come off at 11am.				
11.00	Reading, either your own book or you could go on to the home learning tab on the website and read the latest edition of First news. You could always listen to a story instead: https://stories.audible.com/start-listen				
11.30	English Have a look on here: https://www.literacyshed.com/home.html this is great as you can watch an animation and then there's work to complete afterwards. We have used this in school so thought you might enjoy this. If the task is too tricky, you could retell the story, create your own comic strip of the story, rewrite the story or even create your own version - maybe you could create a different ending. Remember there are English tasks in your home learning pack too.				

	<p>Log on to https://www.spellingshed.com/en-gb and work on your spellings for the week - there will be new ones set EVERY week!</p>
12.30	<p>Lunch break - and it wouldn't be complete without a yoghurt joke from RJ...</p> <p><i>What do you call a line of men waiting for a haircut?</i></p> <p><i>A barbecue</i></p> <p>I think there will be a lot of barber queues when we get out of lockdown!</p> 
1.30	<p>Any of these:</p> <p>Topic: Have a look through this website with an adult. See if you can find the features of the seaside in the pictures. https://www.theschoolrun.com/homework-help/coastal-habitatsLLL</p>  <p>Look at the image above from the seaside in Victorian times. What is different from seasides now?</p> <p>Purple Mash - log on and see if I have set you any tasks - make sure you check my feedback too.</p> <p>PSHCE -create a Covid 19 time capsule. You will need a plastic or tin box to put everything in. Fill it with items that symbolise this time, like a roll of toilet paper (if you can spare one!), an empty bottle of hand sanitiser perhaps a set of mask making instructions. Include a list of the movies and TV shows you've binge-watched. Print photos of you and your family wearing masks, playing cards, taking a walk and celebrating special occasions together. You can even print screenshots, or draw your own, of memes that capture the times. If you have them, add some newspaper or magazine clippings, too. A nice addition is a letter to your future self about what living through this pandemic is really like. Don't forget to reflect on what you have enjoyed most about this time e.g. spending more time in the woods, playing a game with a family member etc.</p> <p>Art - Create a picture of a seaside scene. Think about what might be included, donkeys, ice cream van, fish and chip shop. You could draw paint or even collage your picture.</p>

Science - Design a poster telling me what you know about healthy eating. Remember the Eatwell Plate we looked at in Food Tech and what types of food we need to be eating lots of.

Computing - have a go at coding on Purple Mash. I have set a task for you but you can find many more games by searching 2code on their website.

BBC bitesize are also launching a new programme of home learning this week so you might want to have a look at this - I will be checking it out too!

Year 2/ P3 lessons				
Monday 20 April - Friday 24 April				
Monday	Tuesday	Wednesday	Thursday	Friday

Find all this content and more at: bbc.co.uk/bitesize/dailylessons

Lastly, for fun, you could talk with your family about these 'Would you rather?' questions below make sure you explain why you made your choice. Let me know of any 'Would you rather?' questions you come up with via Purple Mash.

Would you rather never have homework again or be paid to do your homework?

Would you rather have the ability to fly or to read minds?

Would you rather be able to breathe underwater or run on top of water?

Would you rather be really cold or really hot?

Would you rather be a superhero or a magical wizard?

I would rather be paid to do work at home, be able to fly, run on top of water, really cold and a magical wizard

Make sure you stay home, stay safe and wash your hands. I look forward to hearing from you soon.

Mrs Owen
